

## Cookham Reach Model Yachting

### Who?

We are members of Cookham Reach Sailing Club who have come together to extend our sailing days whilst having the luxury of keeping our feet dry.

Come and enjoy this great pastime, skilled sailor or novice, all welcome.

Help is on hand for building, tuning or assisting with tinkering.

### What?

Our main fleet of yachts is the "Joysway" Dragon 65. We are in the midst of deciding a second flotilla to allow us to sail in more challenging conditions.

A safety boat is available for the retrieval of stranded yachts and laying marks, as indeed is the clubhouse for light refreshment or a cool beer in the summer.

### Why?

Under the initiative of our then Commodore Richard Cartwright, who organised a visit to the Club 27th July 2013 by Mike Weston, [radiosailing.co.uk](http://radiosailing.co.uk), see photo, we started our journey into the realm of model yachts.

### Where?

On a beautiful stretch of the river Thames adjacent to the lovely village of Cookham.

See main website for directions to our carpark.

### When?

Every Wednesday morning from 10:00 to around 13:00, April to September, weather and stream permitting.

### Contact:

Pop along and see us or phone:

CRSC Commodore Tricia Evison 07714784148
